Oak Square institutions are important part of family's life

Oak Square is an important destination for our family: My husband swims at the Y daily, my granddaughter attends Our Lady of Presentation, and I use the Fan-euil Branch Library. The future of OLP is crucial to maintain and grow community participation ("Politicians pledge good-faith effort for Presentation," Jan. 23 City

Weekly).

The plans put forth by parents, politicians, and numerous other community organizations seek to improve the Oak Square area tremendously for all. I hope to read more articles on this issue. Thanks.
